PRACTICES & GROUPS

WHICH GROUP TO SIGN UP FOR:

First pick the site that suites your needs. As swimmers advance there are fewer choices in terms of times and locations. When starting out with the team there are many choices that can work with your family's schedule.

Your child's age on the first day of the session is how we determine group placement. For instance your child is 7 on the first day of Spring Session but turns 8 on April 15th -sign your child up for the Big Monsters session.

Equipment Requirements for Swim Practice

To learn about equipment requirements for each group go to www.davisaquamonsters.org/equipment

BIG MONSTERS(Ages 5-8.5): Minimum requirements: Must be able to swim 12.5 yards of freestyle independantly. Big Monsters group is for new to competitive swimmers. The focus is to continue to teach + develop swimming skills and the four competitive strokes - FLY, BACK, BREAST, FREE.

White Group (Ages 8-14): Minimum requirements: Must be able to swim 25 yards of freestyle + 25 yards of backstroke. WHITEgroupisfornewtocompetitiveswimmers.Thefocusistocontinuedevelopmentof swimming skills and four competative strokes - FLY, BACK, BREAST, FREE. Swimmers in this group can be seasonal swimmers to those who like to practice on a year round + competitive basis.

Red Group (Ages 9-14, min 4th grade): RED group swimmers know all four competitive strokes, can do legal IM and begin/are able to do interval training as well as commit to competing. This group is for swimmers who swim on a year round basis. The focus is on stroke technique, interval training and race development. There is an expectation for swimmer's in this group to compete at swim meets.

Black Group (7th + 8th graders): This group is for primarily for swimmers in 7th and 8th grades who are experienced swimmers technically, competitively and in interval training.

HighSchoolGroup(9th-12thgrade): This group is typically for our swimmers who swim in high school. There is a continued focus on stroke technique with an increase of training needs for high school aquatic athletes along with proper race preparation for each swimmer. As with many of our groups we have multi- sport athletes so training may be tailored to help in those areas.

Our goal is to meet each swimmer where they are and help them improve. This is best done with: 1) adequate space, 2) teammates of similar experience and 3) an environment where the swimmer feels comfortable with the given practices. If you have questions regarding group assignments, please contact **Koren Motekaitis** at directors@davisaquamonsters.org to answer your questions.

Our coaching philosophy is that **Every Monster Matters and Talent is Created, Not Born.** If your child starts out in the White group that will not prohibit your child from becoming a Black group swimmer one day. Instead it will give the swimmer and coach the opportunity to teach and develop the skills necessary for your child to really flourish in our sport.
